Lived and worked in Dubai, UAE (2021-2022) as an independent entrepreneur. Open to relocation: UAE, Qatar, Saudi Arabia, Germany, Netherlands, Canada, USA. Also open to remote.

PROFILE

Marketing and business development professional with eight years in crypto and blockchain, with a focus on African markets. I market crypto products, build communities, and run African market entry for Web3 projects. I also build the tools myself, using AI coding agents (Claude Code): AI sales agents, automated video content and trading research software. That means I can run a campaign and also build the automation behind it, without waiting on an engineering team.
